

Sizing Guide

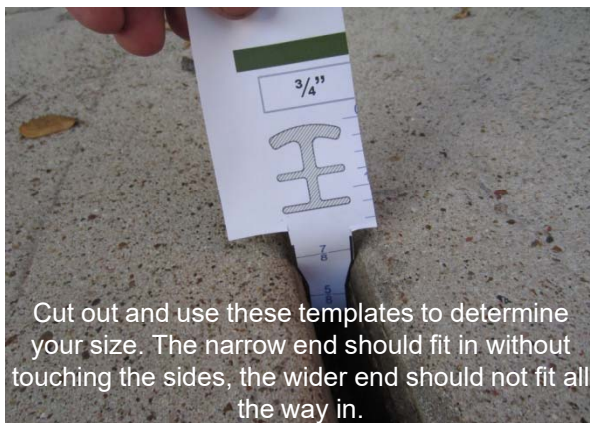

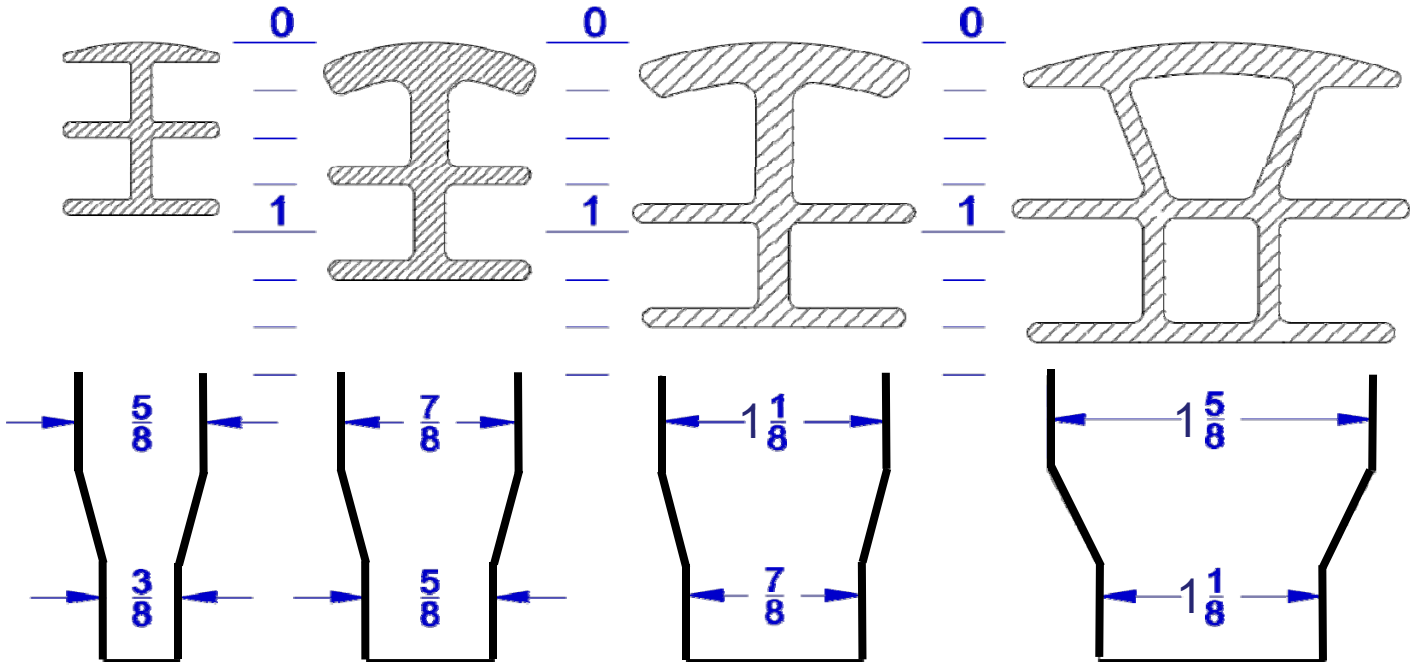

Available sizes

1/2" 50 ft rolls

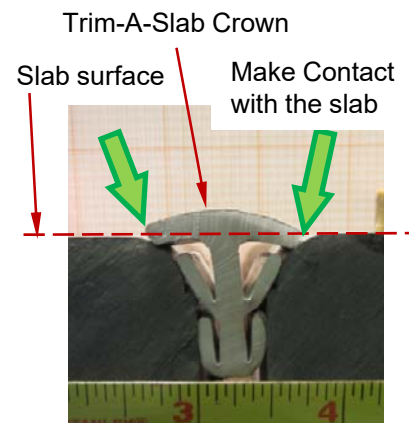

3/4" 50 ft rolls

1" 25 ft rolls

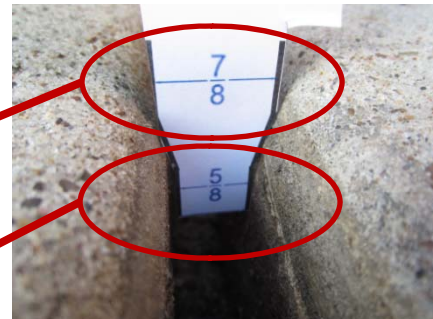

1-3/8" 25 ft rolls

Using Trim-A-Slab in a gap that is a little smaller than recommended is possible, however, the rounded 'crown' will sit above the surface of the slab. Try a sample to evaluate your specific application.

1. Measure one of the cutouts to verify that the template is being printed at full scale
2. Cut out along heavy lines
3. The wider end should not fit between the slabs
4. The narrow end should fit between the slabs

This gap should use the 3/4" size
